

## Map A: South America

How can we show the information in the table on our map?

1) Create a key on your map...here's an example:

	>41%
	31-40%
	21-30%
	11-20%
	0-10%

2) Then you would color the countries on your map in accordance with the percentages in the table.
